5 delicious fresh bean coffees, easier than ever

LatteGo, the fastest to clean milk system ever*

Easily make aromatic coffee varieties like Espresso, Coffee, Cappuccino and Latte Macchiato at the touch of a button. LatteGo tops milk varieties with silky smooth froth, is easy to set up and can be cleaned in as little as 15 seconds*

A variety of coffees customized to your taste

- Enjoy 5 coffees at your fingertips, including cappuccino
- Silky smooth milk froth thanks to high speed LatteGo system
- Easy selection of your coffee with intuitive touch display
- Adjust aroma strength and quantity via My Coffee Choice
- From fine to coarse thanks to the 12-step grinder adjustment

High quality coffee from fresh beans

- The perfect temperature, aroma and crema cup after cup
- 20,000 cups of finest coffee with durable ceramic grinders
- Keep your beans fresh for longer thanks to the aroma seal

Effortless use and cleaning for everyday enjoyment

- LatteGo is exceptionally easy to clean: 2 parts, no tubes
- Up to 5000 cups* without descaling thanks to AquaClean
- Easy cleaning thanks to fully removable brew group
- Dishwasher safe parts for your convenience

Highlights

5 aromatic coffees

Enjoy your favourite coffees for your special moments. Whether you crave for an espresso, a coffee or a milk based recipe, your fully-automatic espresso machine delivers a perfect in-cup result with no hassle and in no time!

LatteGo milk system

Top your coffee off with a silky-smooth layer of milk froth. The LatteGo mixes milk and air at high speed in the round frothing chamber, then adds a splash-free, creamy layer of milk froth to your cup at just the right temperature.

Intuitive touch display

The irresistible taste and aroma of coffee from fresh beans is just one touch away. Our intuitive touch display allows you to easily select your favorite coffee.

My Coffee Choice

Adjust the strength and quantity of your beverage with the My Coffee Choice menu. Easily choose from three different settings to suit your preferences.

12-step grinder adjustment

Our durable ceramic grinders can be adjusted in 12 steps, so you can turn your beans into anything from ultra-fine powder to coarse grindings.

Perfect temperature and aroma

The Aroma Extract system intelligently strikes the optimum balance between brewing temperature and aroma extraction by keeping the water temperature between 90 and 98°C, while regulating the water flow rate, so you can enjoy delicious coffees.

100% ceramic grinders

Our grinders are 100% pure ceramic: extremely hard and precise, so you can enjoy fresh aromatic coffee, for at least 20.000 cups.

2 parts, no tubes milk system

Our 2 parts milk system has no tubes or hidden parts and can be cleaned in as little as 15 seconds under tap* or in the dishwasher.

AquaClean filter

Our patented innovation, AquaClean water filter, ensures you make the most out of your fully automatic coffee machine. By changing the filter at machine request, you will not need to descale your machine for up to 5000* cups, while enjoying clear and purified water. Once AquaClean is installed in your coffee machine, the descaling notification alarm is automatically deactivated.

Specifications

Country of origin

- Designed in: Italy
- Made in: Romania

General specifications

- Milk Solution: LatteGo
- User Interface: Touch screen display

Technical specifications

- Capacity milk carafe: 0.26 L
- Capacity waste container: 12 servings
- Frequency: 50 Hz
- Max. cup height: 150 mm
- Voltage: 230 V
- Color & Finishing: Black, White
- Cord length: 100 cm
- Filter compatibility: AquaClean
- Waste container: Frontal access
- Water tank: Frontal access
- Weight of product: 8 kg
- Product dimensions: 247x366x434 mm
- Coffee bean capacity: 275 g
- Capacity water tank: 1.8 L
